When in the vortex of fashion, How soon the course downward begins. You talk of the mines of Australia, They're wealthy in gold, without doubt, But ah! there is gold on the farm, boys, If only you'll shovel it out.

The mercantile life is a hazard, The goods are first high and then low, Better risk the old farm awhile longer, Don't be in a hurry to go.

The great busy West has inducements, And so has the busiest mart, But wealth is not made in a day, boys, Don't be in a hurry to start.

The bankers and brokers are wealthy. They take in their thousands or so, Ab ! think of the frauds and deceptions, Don't be in a bury to go.

The farm is the safest and surest, The orchards are loaded to-day. You're free as the air on the mountains. And monarch of all you survey. Better stay on the farm awhile longer, Though profits come in rather slow. Remember you've nothing to risk, boys, Don't be in a hurry to go.

I take pleasure in recommending your Rosadalis as a very powerful alterative. I have seen it used in two cases with happy results—one in a case of secondary syphilis, in which case of secondary sphilis, in which the patient pronounced himself cured after having taken five bottles of your medicine. The other is a case of scrotula of long standing, which is rapidly improving under its use, and the indications are that the patient will soon recover. I have carefully examined the formula by which your Rosadalis is made, and find it an excellent compound of alterative ingredilents.
